

# Digital House Party Guidelines

Digital House Parties are a key part of how we will build power because it will invite community members to create the New Normal and empower them to call for the beloved community. Deciding to host a Digital House Party is a wonderful way to push for transformative change in our community and inspire hope in our community through the work we are doing together. Here are some guidelines to help you host a successful Digital House Party.

## Step 1: Watch the Digital House Party Training Video

Watch the Digital House Party Training Video available on the Toolkit webpage!

*Busy that day? Lucky you, we'll be hosting a Digital House Party every Tuesday at 5:30pm on the same zoom link!*

## Step 3: Set Goals

Here are some things to think about when planning your event:

- The number of attendees you want
- How many sign ups do you want to collect?
- How many stories do you want presented?

## Step 4: Make a Plan

The final details! You'll need to plan out:

- The digital space to hold the digital house party (see the video part of the webpage)
- Finalize your guest list

## Step 5: Get the Word Out!

How will you get the word out? Things to think about:

- How will you invite the guests (Facebook event, email invite, text invites, etc.)
- How you confirm your guests' attendance (confirm 24-hours before party, confirmation texts/calls, etc.)
